TO THE TRADE

We wish to call the attention of the trade to the fact that all stock listed is of our own growing.

We have the best railway facilities of any point in the West and can get your stock to you quicker and, therefore, in better condition than our competitors.

There are very few localities in the United States where cherries can be grown equal to ours, and nowhere do they excel.

In Ornamentals, the stock is very fine.

Samples of stock sent free of charge on application.

GUARANTEE:—We exercise the greatest care to have every tree and plant true to name, and are ready, on proper proof, to replace any stock sent out by us that may prove untrue to label, free of charge, or refund the money paid for same. It is understood and agreed between purchasers and ourselves that we are not to be held liable for any greater sum than that paid us for said trees and plants that prove untrue.

Terms and Conditions Governing Quotations in Price List.

PACKAGES:-The cost of packages must be added to prices quoted in this list.

PACKING:—Goods will be packed in good shape and special care taken to insure their arrival in good condition.

CAUTION:—We accept all orders upon condition that they shall be void should any injury befall the trees and plants from frost, hail or other causes, over which we have no control.

TERMS—Cash:—When desired we will allow from 30 to 60 days, from date of shipment, to responsible, prompt paying customers. Parties with whom we have had no business transactions will save time by sending reference with order.

FORMS OF PAYMENT:—Remittances should be made by drafts on New York or Chicago, or by money orders on express companies, or postal orders.

INSPECTION:—Our nursery has been inspected by the State Entomologist and has been found free from dangerous insects and disease. A copy of certificate of inspection will be attached to every package that leaves our nursery.
